Dear President Jacob Zuma,

My name is Christian Bernard Magnongui. I was born in the Republic of Congo and now am a lawful alien resident of the United States of America. I served in South Africa from 1996 to 1997 as personal assistant to Imtiaz Abdhulla, President of Karate Association of South Africa, later President of UFAK (UNION OF African Karate Federation). I helped South African to win the headquarters of UFAK from Egypt to South Africa, Johannesburg. I helped lobby to secure the support for the French African Karate Association in favor of South Africa. I am the author of two self published books, one entitled, "The Power of Musical Sound: how music affects our state of mind, health and society". I have enclosed a copy with this letter as a gift to you. I have mailed these to your ambassador.

My second book, "The Pyramid's Mysteries Resolved: Scientific Solutions to Earth's Magnetic Field and Climate Change" was donated to you in January 2012 through your consulate in New York. As I wrote in my book, the pyramids were built and used for scientific solutions to halt the disintegration of the earth's magnetic field and reversing the impact of climate change. And although I was advised in my dreams to bring out and share some keys of the scientific aspects to the general public, the God force who blessed me and the world by revealing the secrets of the pyramids had recommended to me to first share the core or main secret of the pyramid of Giza with the President of the United States.

Therefore, I wrote to President Obama via the White House to let him know of my discovery and offered to share it with him before the publication of my book. In my letter to the President, I explained that the core of the pyramid secret was first to be known to his country through him, as advised by the God force in my dreams. The reason is that the USA is blessed to take the leadership role in this discovery before other nations (dictators) in order to support and maintain the spirit of democracy on the Earth.

I waited in vain for almost two months with no answers. Then I went ahead and published the basic aspects of the pyramid's scientific purpose in my book. I sent copies of my book to various world leaders, including you. I wrote a second letter on February 3, 2012 to the world leaders who received a copy of my book. I hoped to draw the attention on President Obama, but it was in vain. I mailed more than 40 copies of the book to newspaper editors and television stations in

the USA. I received no response.

Then, hearing about the gradual effects of climate change through drought, heat waves, power outages, wildfires, and the power blackout in India weeks ago, I asked God what to do next. And knowing that in remote African villages and in other poor countries, climate change is already devastating our agricultural land and later our livestock, I knew I had to do something. In my dreams, God asked me to associate you with this project. The God force instructed me to contact you so that you may contact President Obama and work out an agenda or plan for me to inform both of you regarding the most secret core of the pyramids. God has blessed me as a messenger, and I greatly want you to know as soon as possible to help mankind and deal with climate change before it is too late.

I would like to invite you to contact me now, so that I may share this critical information with you.
